201800624

Primer Semestre 2022

The screenshot shows a web browser window displaying the Udemy course completion page for "JUnit 5 Quick Start: Java Unit Testing". The browser's address bar shows the URL: `udemy.com/course/junit-quick-start-for-beginners-java-unit-testing/learn/lecture/18776668#overview`. The page features a congratulatory message: "¡Enhorabuena, has acabado el curso! ¿Te gustaría dejar una reseña?" (Congratulations, you have finished the course! Would you like to leave a review?). Below this is a star rating section labeled "Elegir calificación" (Choose rating) with five empty stars. On the right side, a sidebar titled "Contenido del curso" (Course content) lists the course modules, all of which are marked as completed with checkmarks. The modules include: "7. Implementing a feature request: best-practices demonstration" (5 min), "8. @BeforeAll, @AfterAll annotations" (3 min), "9. The assertEquals() method" (4 min), "10. Development practice: performing a bugfix" (3 min), "Cuestionario 1: Quiz 1", "Cuestionario 2: Quiz 2", "Sección 3: Course wrap-up" (1 / 1 | 1 min), and "11. Course conclusion" (1 min). At the bottom of the page, a "Command Prompt" window is open, showing the Windows version (10.0.19044.1586) and the user's name (Carlos Ché - 201800624). The Windows taskbar at the very bottom shows the time as 10:10 AM on 3/17/2022.
